25X1A

a. Cancel his release to the United States Air Force.

b. Reassign from a regular agency assignment to the Project.

25X1A

c. Extend the tour of for three years to December 1962.

25X1A

2. The above requests will allow for a permanent change of station assignment to the Project Supply Depot. This has been discussed verbally with Colonel Geary, AFMIG-5 and he has indicated that he foresees no problem in accomplishing the request.

25X1A

25X1A

3. possesses those qualifications which are not only desirable but required to fulfill a new position under Time and money saved in clearances, etc., add to the desirability of the requested action. Expeditionary handling is required in that has been informed by your office that he is being considered for a service school on which quotas are to be issued in the very near future. He voluntarily requests release from previous commitments in this respect should this assignment be approved. In order for him to program his time he requires thirty days notice to his landlord prior to vacating his home and this would allow him approximately twenty-five days to complete the move to the new station and permit entering his children in school prior to commencement this fall.
